Sportfishing

There are a few bass running around the Northern reaches, and some Eastern points, of San Pablo Bay, but fishing for them is a real crap-shoot. Sturgeon are showing up here and yon, but the hot bite at Emeryville seems to be but a memory. Pray for rain, though the coming mondo tides may get things moving a bit. Most successful boats have been tucking way up on the flats off Round Mountain and off the mouth of Sonoma creek in 3 to 6 feet of water. The catch is a mix of smaller bass and a few legal

sturgeon that are falling for grass shrimp. The best action remains to be up 08747

5451

Suisun Bay.

On Saturday 11-30 captain Jim on the Happy Hooker reported even better action than the day before. Jim says the tides made a slight improvement and his catch doubled. Their 23 anglers boated 24 bass to 18 pounds, most in the 12 to 15 pound bracket. Jim has been a bit elusive on his exact location but from other reports we are receiving we would bet he was anchored up in the flats near the mouth of Montuzuma slough where we received several good reports from private boaters. The best action has been for boats soaking bullheads in 5 to 15 feet of water. Captain Jim on the Happy Hooker sat on the anchor on Friday 11-29 with his anglers soaking bullheads in lower Suisun bay. While the numbers were not big the stripers were with a dozen fish to 24 pounds landed by 25 anglers. Most were hens averaging a solid 12 to 15 pounds with several other opportunities lost and missed. Jim said a private boat anchored up right alongside them landed a bass in the mid 30s so there are some big pigs in the mix. Jim Smith is running out of Martinez and has lots of room available. A few sturgeon are being caught off the Mothball fleet but the best bite has been up in Montuzuma slough for anglers soaking roe at the Reed Barn. In the south bay there has been lots of anglers out trying but few stories of much success. Mike at the Oyster Point Bait, said folks fishing in his neighborhood are getting small sharks and rays, but there have been reports about sturgeon being caught across the Bay at Ballena Bay, near the Alameda Rock Wall and near Bay Farm Island.

20 SEASONS STRONG

Caught Fish??? USAFishing and the International

Sportsman's Exposition are teaming up to bring our readers a very special offer. Through February 1st.

2003 sign up for a year's subscription to the Northern California Hotsheet and you are automatically entered to win a pair of tickets to the ISE shows in Sacramento,

San Mateo or Pleasanton. Forty, first place winners (five winners per week for eight weeks) will then be entered for our grand prize.... an all expense paid guided steelhead trip for two on the California North Coast with one of the most respected river guides in California, John Klar. The grand prize includes two nights lodging and dinner & one day of steelhead fishing on the world famous Smith river. For more information on how to enter and contest rules click here Hotsheet For more information about International Sportsmen's Exposition, the largest sportsmen's shows in the West, please visit International Sportsman's Exposition

Party Boat Information and Reservations around 8748

the Bay
