

★ Starting at 523 Covena

∨ Head south down Covena

★ Turn right onto Miller – seen by Homer Maldonado from the USA gas station 9:45-10:00

★ Turn right onto La Loma – seen by truck driver crossing the street to avoid homeless

★ In same block, seen by unidentified woman

★ May have turned onto Las Spalsos, then on to La Sombre, and seen by Vivian Mitchell, then right onto Buena Visto to the park entrance. 10:00-10:30

OR she may have continued down La Loma →

★ 2 staircases leading into Kewin Park, with hand rails and easy to navigate. At the west end of Kewin Park is a children's play area with tables and benches, and restrooms

★ 2 bridges in Kewin Park. One leads into Moose Park. The other straddles a deep ditch and forms part of the paved bike trail, and may be where she was seen by a biker. The paved bike trail continues eastward through the park.

★ The area of the bike trail bridge is clearly visible from behind the Scenic hospital, thus allowing for Diane Campos to see Laci and McKenzie.

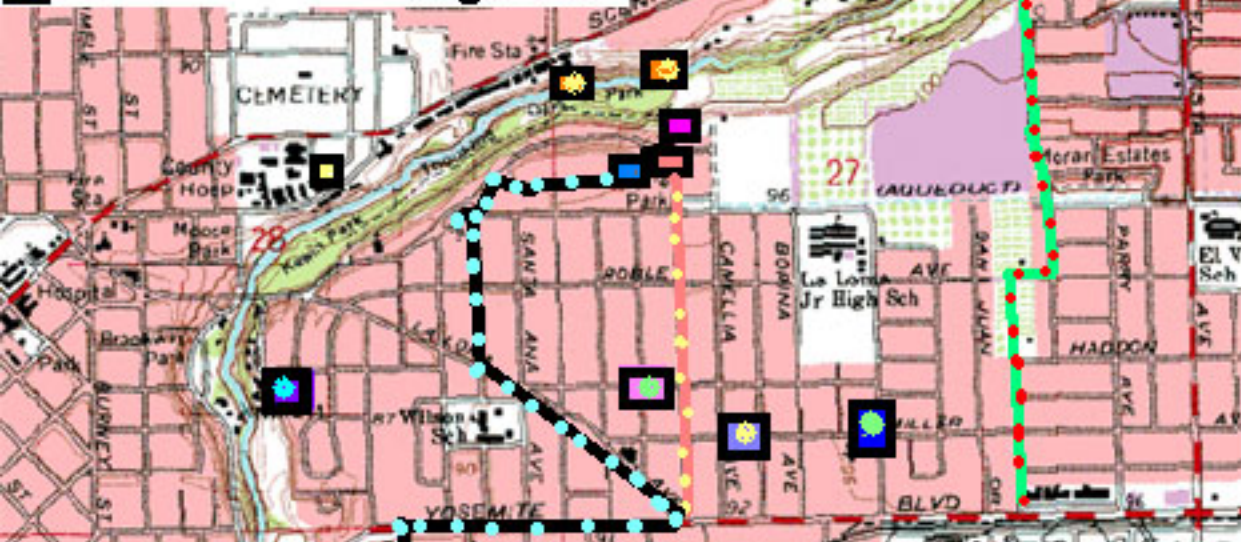

✕ Continuing on the paved bike path eastward through the park, lots of open space for McKenzie to run and play. Benches spaced regularly for resting.

∩ A very large open area for playing frisbee and ballgames.

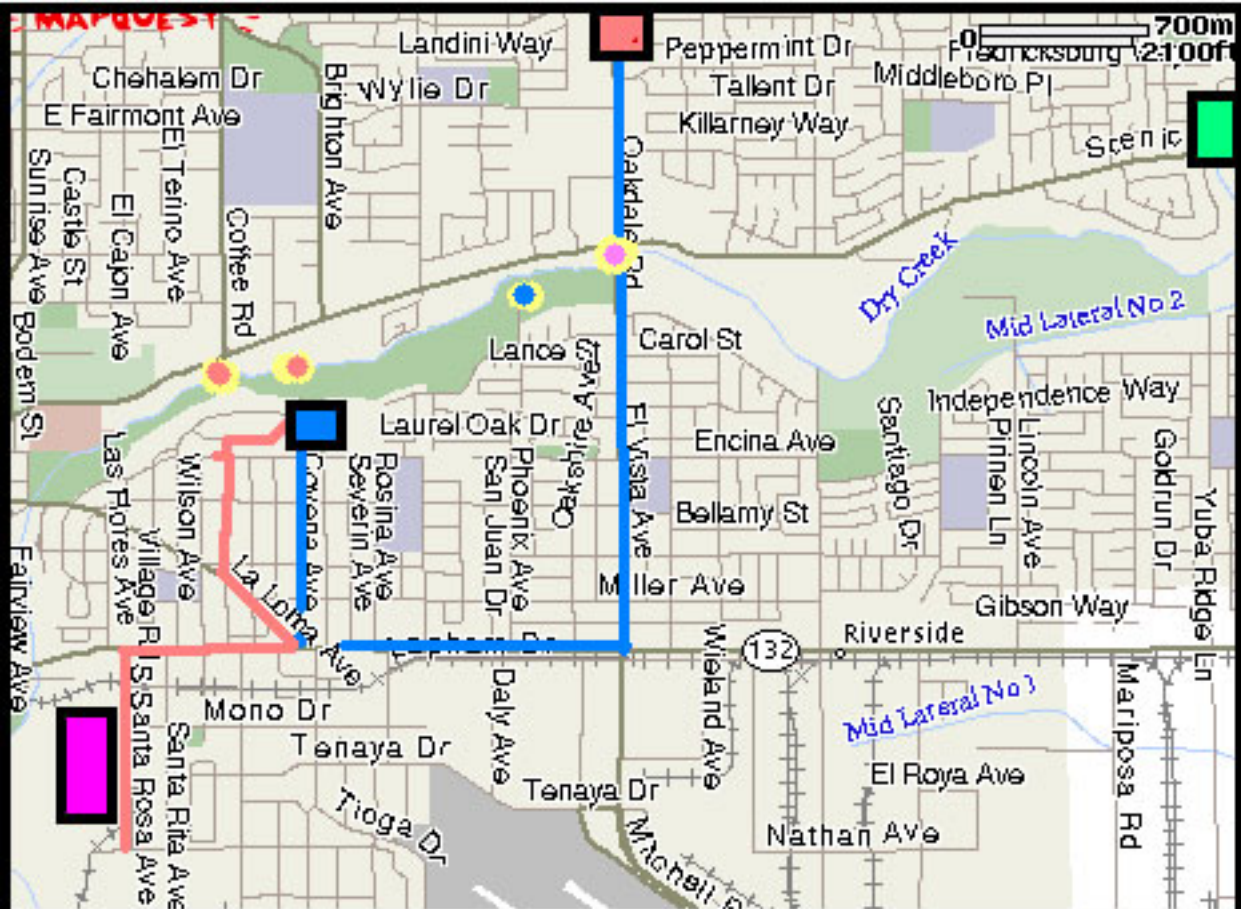

■ An olive orchard borders the park and the steep path that leads from Covena into the park. Mike Chiavez may have seen McKenzie in this area.

∨ A path from the park to Edgebrook has a gentle grade and is paved. This would have been much easier for Laci to navigate than the steep, sandy path at the end of Covena. |

→ Now just a walk down Edgebrook and around the corner to her house. Round trip approximately 2 miles.

Laci heads towards Miller, makes a right onto Miller, then another right onto La Loma, proceeds to Buena Vista Ave, which has an easy entrance into the Park, walks through the park, then exits through another easy path at Highland Drive, then back home. Total distance about 2 miles.

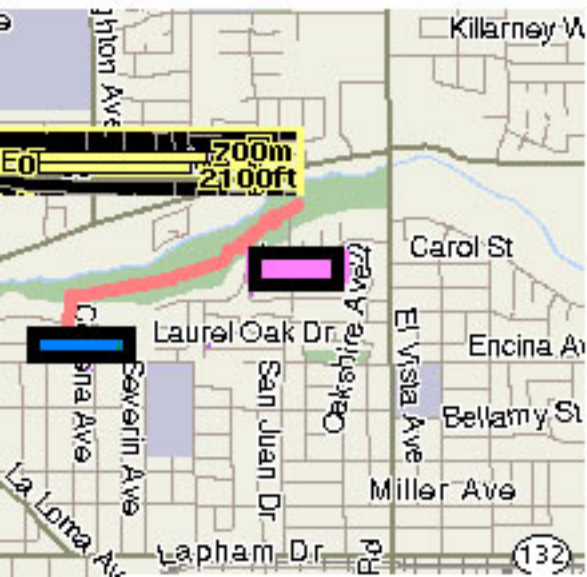

Laci's walk route on Dec. 24, based on information provided in various trial testimonies and Geragos' OS. Last updated on June 28, 2004.

An aerial photograph showing a residential area with a large green lawn. A paved road curves through the center. To the right of the road, there is a parking lot with several cars and a red-roofed building with two tennis courts. The surrounding area includes houses, trees, and a swimming pool. The text "Tennis courts where Sharon met Scott" is overlaid on the right side of the image.
